

DRPT Director's Report

Commonwealth Transportation Board

March 14, 2007

Contents

- ☐ DRPT Strategic Assessment
- ☐ Human Service Transportation Workshops
- ☐ Intermodal Facility Site Search
- ☐ HOT Lanes Transit/TDM Plan
- ☐ Dulles Corridor Metrorail Project

DRPT Strategic Assessment

- ❑ Draft results of Parts 1 and 2 are nearly complete:
 - Part 1: Assessment of DRPT's performance to-date
 - Part 2: General recommendations to improve performance
- ❑ Four stakeholder workshops scheduled:
 - March 27: Roanoke
 - April 2: Richmond
 - April 5: Northern Virginia
 - April 9: Hampton Roads
- ❑ Feedback will be taken into consideration in development of Part 3, the final portion of this assessment
- ❑ Target date for completion: August 2007

Human Service Transportation Workshops

- ☐ New federal requirements to receive federal funding
- ☐ DRPT is developing an agency plan to manage Virginia's new Coordinated Human Service Transportation (CHST) Program
- ☐ Regional CHST plans will be developed throughout VA
- ☐ A statewide CHST plan will be developed, in coordination with local plans
- ☐ Initial workshops are scheduled during March/April:
 - Identify human service transportation issues
 - Begin outlining regional coordination plans
- ☐ Target date for completion: by November 1, 2007 for this year's transit grant application period

Intermodal Facility Site Search

- ☐ Locality meetings held to-date:
 - City of Roanoke City Council
 - Botetourt Co. Board of Supervisors

- ☐ Upcoming locality meetings confirmed to-date:
 - March 22: Roanoke MPO and Roanoke Alleghany Regional Commission
 - March 26: Montgomery County Board of Supervisors

- ☐ Locality feedback has been very helpful, and DRPT has been able to provide more detailed information about specific sites at these meetings

- ☐ Decision point still on schedule for April 2007

HOT Lanes Transit/TDM Plan

☐ Goals:

- Develop scenarios for the level of transportation investments needed in the I-95/I-395 corridor from Fredericksburg to Washington, DC
- Identify the best combinations of rail, transit and commuter service options to help manage traffic congestion

☐ Status: scope of work developed and issued for bids

☐ Target date for completion: by end of 2007

Dulles Corridor Metrorail Project

- ☐ Status of negotiations
- ☐ Key FTA reviews and submissions:
 - Review of independent cost estimate
 - Submission of financial plan
- ☐ Final design approval
- ☐ Implement transfer of toll road and project management
- ☐ Execute FFGA
